## AS THOUSANDS PEER

Scanning  
The Headlines  
Of The World

By James E. Shaw

**WELCOME!** This column extends a most sincere and heartfelt welcome to our DADS, that cheerful group of "ever giving, seldom taking" individuals who are largely responsible for the securing of our educations. Hail to you DADS—Today the World is yours.

### Public Enemy No. 0

The highwayman shall ride no more, for Charles Floyd, the "Pretty Boy" of the bank robbers, is dead. He was brought down with a barrage of some fifty shots from the automatics and rifles of Federal agents and Police as he attempted to flee the trap so painstakingly prepared for him.

His end came dramatically in the same violent manner in which he had lived. For the last four years he has left a trail of murders, bank robberies and kidnappings throughout the Southwest that would have put to shame the more notorious records of Al Jennings and the famed Dalton brothers.

This bold and rather handsome, modern highwayman has more than a score of bank robberies and at least seven killings attributed to him. Two years ago his numerous escapades raised the Oklahoma insurance rates to the highest in the country.

And now he is dead. Now the people of our United States may breathe just a little more freely, may sing just a little more loudly and may thank God just a little more gratefully, since through His Divine will the existence of this calloused killer has come to an end.

### BONUS IN BACKGROUND (The New York Journal of Commerce, Oct. 20, 1934)

Once again the bonus question injects itself into the public eye. This revival was brought about at the recent dedication of the new Veterans Hospital at Roanoke, Va. For in his dedication address, President Roosevelt especially avoided referring to the bonus directly.

However he left doubt as to what policy he would follow in that regard. He intimated stern opposition to such a cash payment by stating that the Government has a still greater obligation to the thousands of under privileged, who are "handicapped by environment and circumstances."

The veterans he further asserted are the holders of privileges not held by other citizens. From the standpoint of employment and annual income they are by far more fortunate than the majority.

### POLAND DECREES FIFTY YEARS TIME TO PAY FARM DEBTS (The Chicago Daily Times, Oct. 22, 1934).

Fifty years may to some seem a long time to wait for the money that is owed to them. However the Polish Government is of a very different opinion. For recently the Polish Agrarian Reform and Conversion of Agricultural Indebtedness Committee passed a decree by means of the Polish Cabinet wherein the peasants are enabled to convert short term indebtedness into 4½% fifty year bonds which the creditor is obliged to accept at par.

The numerous credit institutions were drastically affected since mortgages bearing a similar interest were quoted at fifty percent of their value. However, the Government has agreed to assume 50,000,000 zloties, (\$9,525,000) in mortgage holdings.

The officials however warned the peasants that as soon as the new terms were accepted the land owners are to be held strictly accountable and that foreclosures will be rigidly enforced.

### HAUPTMAN LOSES APPEAL (The Globe, Toronto, Canada, Oct. 21, 1934)

The iron paw of the law dealt a stiff blow to the defensive case of Bruno Richard Hauptman here lately when he was refused in his appeal to the Appellate Division of the Supreme Court to resist extradition to New Jersey to face a murder charge.

## XAVIER GREETES DADS

### X. U. SOCIAL EVENTS TO BE CENTRALIZED

**Student Council Decides  
To Have Central Committee  
Supervise All Dances**

Xavier Social events in the future will be under the jurisdiction and supervision of a Social Committee. This was decided by a unanimous vote of the Student Council Monday.

The aims of the Social Committee are threefold: (1) the sponsoring of a greater social program at Xavier; (2) the placing of all social events on a firm financial basis; and (3) the abolition of graft.

In the formation of a Social Committee, Xavier's Student Council is following the example of most of the large universities of the country. At St. Louis University, the system has been especially effective and the central treasury has a balance of over \$5,000 with which to work. A balance of this size insures the student body many advantages which might not otherwise be available.

At Xavier the plan for the Social committee is not explicitly drawn up. The backbone from which the complete plans will be made is as follows: The faculty will retain its power of giving or refusing permission to any club to have a dance. After the power has been given, the committee will be appointed by the president of the class or club as has been the custom. This committee will receive bids and list the expense to which they would like to go and the Social Committee will vote whether or not to allow that expense. The printing of tickets and the handling of tickets on the night of the dance will be supervised by the Social Committee.

Besides supervising the dances held by classes and clubs, the Social Committee will plan reasonably priced dances which every student will be able to afford. In the past Xavier has had no dances of this nature and this will enlarge the social calendar to almost double its present size.

Seventy-five percent of the profits of each dance will be banked by the Social Committee in the Social Fund while twenty-five percent will be banked in the name of the class or club. Some portion of the Social Fund may be appropriated by a vote of the committee for various university activities which have need of the money.

The Social Committee will consist of true representatives of both faculty and student body. The representatives of the students will be the four class presidents, one other senior member, a member of the "X" Club, and representing the faculty will be one lay and one Jesuit professor.

The first meeting of the Social Committee will be held early next week at which time the Social Calendar will be drawn up. The calendar will be printed in next week's NEWS.

### Juniors And Seniors Hear Fr. Miller

Members of the Junior and Senior classes were fortunate Wednesday morning at their regular chapel assembly, to hear the Rev. Frederick Miller, S. J., head of the Department of Chemistry, who addressed the students with a spiritual invocation.

Father Miller encouraged the students to offer up their good deeds and works for the poor souls in Purgatory, and especially during the month of November, which is dedicated to All Saints and All Souls.

### To The Dads Of Xavier Students

On this the Dad's Day of 1934 it is my privilege to bid a hearty welcome to the Fathers of Xavier students. It is a pleasure to extend to them the warm hand of cordial greeting and to tell them that we are glad that they are with us.

We hope that this occasion will serve to increase cooperation between Parents and Faculty, to deepen a mutual interest in the problems of their student sons and to cement a bond of friendship between the University and those who entrust her with the education of their youth.

Again a most hearty welcome to the Dads of Xavier students.

H. F. Sloctemyer, S. J.

## ST. LOUIS UNIVERSITY BATTLES XAVIER TEAM IN DAD'S DAY FEATURE

### Billikens Outweigh Musketeers Greatly In Every Department

By Tom McDonough  
Sports Editor

Something resembling the battle between David and Goliath should be enacted at Corcoran Field, Saturday afternoon, when the dashing Xavier University Musketeers clash with an undefeated team carrying the colors of St. Louis University.

The game, which will be the feature of a "Dad's Day" celebration, has an important intersectional bearing as both the Musketeers and the Billikens are basking in the national football spotlight on their showings to date.

Undoubtedly, Xavier will depend on a devastating passing attack to combat the great advantage in weight held by the visitors. But should Coach Cecil Muellerleile's men be slow in starting, the Musketeers have two complete backfields of fleet and shifty ball toters to skirt the ends.

Coaches Joe Meyer and Clem Crowe believe that their team will exhibit the same form they displayed in downing West Virginia Wesleyan last week. They point out, however, that only two men, Captain Tom Schmidt, end, and Carl Jonke, guard, were experienced linemen at the start of the season. The Xavier for-

## Raffle Drawing Will Be Today

### X Club Announces That Homecoming Dance Is To Be November 17

President James Coleman, of the under-graduate varsity "X" Association, announced last Monday that the date for the Annual Homecoming Dance has been set for November 17. It will be held in the evening after the Washington and Jefferson football game. Arrangements are being made with authorities of the school as to where the dance will be held.

The "X" Club is dominated by a new and refreshing spirit. The members have the desire to keep it the most progressive organization on the campus. The raffle of football tickets for the St. Louis game was entered into with spirit and the club wishes to thank the students and friends who are helping. The drawing will take place at noon today in the Cafeteria.

A new rule has been set by the members which states that all members who are absent from meetings without a valid excuse will be fined ten cents. All those who have not paid their fines will not be admitted to the club functions until this duty has been discharged.

### XAVIER MEN ATTEND C. S. M. C. MEETING

The Xavier Unit of the Catholic Students' Mission Crusade was well represented at Purcell High School, Sunday afternoon, where the Crusade held its first meeting of the current school year.

Plans for the Crusade's annual Card Party and Dance, Field Mass, and activity for the coming year were discussed. Spokesmen for Xavier included Arthur Volck, president; Joseph Link Jr., secretary; Nelson Post, Delegate-at-large for the Cincinnati unit, and Donald Barman.

## Plan Interesting Program For 1st Annual Dad's Da

### Rev. Hugo Sloctemyer S. J. Will Give The Principal Address At Luncheon

Fathers from six states and from almost every principal city throughout the middle-west will gather on the campus Saturday to celebrate the first annual Dad's Day of Xavier University.

A hundred and fifty luncheon places will be reserved in the cafeteria, according to the Rev. C. J. Steiner, S. J., Chairman of the Dads' Day Committee, with the possibility that a few last-minute reservations will be made. Many more dads are expected to attend the football game and the late afternoon smoker which will be held in the lobby of the Biology Building.

At the noon-day luncheon, the Rev. Hugo F. Sloctemyer, S. J., president of Xavier, will give the principal address. In addition, a representative of the fathers and a member of the student body will offer short speeches. A double quartet from the Varsity Glee Club will entertain.

At the football game, fathers and their sons will occupy a special section of the stadium. During the half, the Musketeer Band, under the direction of George T. Bird, will present a novel musical program commemorating the visiting dads. The rivalry that exists between the two opposing elevens, St. Louis and Xavier, is expected to bring many local fathers to the game.

Among the principal cities represented by the out-of-town dads are: Cleveland, Portsmouth, Lima, Canton, Franklin, Fremont, Youngstown, and Warren of Ohio; Newport and Covington of Kentucky; Pittsburgh of Pennsylvania; and Germantown of Illinois. Dads are also expected to arrive from Chicago and Ft. Wayne, cities which send many boys to the University.

The response of the fathers indicates that Dad's Day will become an annual affair on the campus.

## Regina High To Hear Clef Club

### Plans Being Made To Present Programs At High Schools In City

The Xavier University Clef Club will make its first public appearance within the next month. On December 5th, the Club will present a complete concert before the entire student body of Regina High School, Norwood, Ohio.

Thomas Gorman, a freshman, will be the baritone soloist with the club this year, while the tenor section has been augmented with the addition of Thomas Insko.

Nelson Post, Business Manager, announced that plans are being completed for a series of concerts to be presented at several Catholic High Schools throughout the city, while the entire business staff is corresponding with many prospective organizations whose desire it is to book the Clef Club during the course of the year for a concert.

Mr. John E. Castellini, presented to the Club last Tuesday evening a complete list of compositions which the Club is to learn before the spring concert season opens.

Within the past week the University of Kentucky in Lexington expressed, in a letter to the president, its desire to exchange concerts with the Xavier Clef Club.

Under the direction of the Rev. John V. Usher, S. J., this musical organization is expected to surpass, in progress and activity, those of former years.

## Active Season Is Masquers' Plan

### Play Before Christmas Is Ambition Of Xavier Dramatic Unit

Plans are now being formulated which will insure an active season for the Xavier University Masque Society. The organization has yet to call its first official meeting. However, it is believed that it will do so in the immediate future.

The Masque Society, whose membership is open to all students of the University, has for years been Xavier's most prominent dramatic unit.

Having no fit auditorium or equipment of its own, Xavier's Masque Society has been essentially a road company, traveling about the various suburbs of Cincinnati, producing its plays.

The first regular business meeting, which will be called in the near future will, in general, consist of the election of a President for the ensuing year, the possible selection of a drama which will be the first attempt at production this season and the enlistment of new members.

If the Masque Society follows its usual custom of staging a play before the Christmas Holidays, and it is almost certain that it will do so, the students of the University and the patrons of the Dramatic organization can look forward to a well staged, well acted drama. The club has a wealth of experienced actors, and numerous men who are skilled in the mechanics of stage production.

Students who are intent upon joining the Masque Society for the coming year are advised to watch the Bulletin Board in Science Hall for information concerning the enlistment of new members.

## On The Air Waves

By Paul Fern, 37

Although the air is full of greetings to our dads, let us add our humble greeting and word of welcome to the greatest men on earth in the eyes of their sons!

On last Friday night about midnight the air was filled with the strains of "Old Xavier for Aye" being played by Red Nichols and his orchestra from that exclusive night club down town . . .

That was but one night! Almost every Saturday evening, and sometimes oftener, the aristocrat of dance band leaders, Red Bird, plays our most famous song of loyalty to his Alma Mater!

What has become of those weekly broadcasts which were so much in the limelight on the Thursday evening program of that famous local station, better known as WFBE? Those who remember the programs, will also remember that they were so ably directed by Mr. Joseph Link, Jr.

The old rivalry between Ben Bernie and Walter Winchell seems to be in full bloom again! The last words of Mrs. Winchell's little boy, Walter, on Sunday night were, "Did you hear that, Ben?"

Now that Joe Penner is back on the air, our studies can be resumed with wholehearted earnestness on Monday mornings! Also (Penner) Libis can have a rest and let his namesake carry on for the present.

Scientists find that the more ancient coal is, the better it is. No fuel like an old fuel.—The Killikilik.

There are only 35 women students in all the universities of Japan. —The Miami Student.

## SOCIAL COMMITTEE

(The following rules will be the backbone of a constitution to be drawn up in the next few days for the Social Committee. This committee is a new feature at Xavier having been passed by the Student Council Monday).

1. The Social Committee is to be composed of class presidents, one senior (this year to be Student Council president), one "X" Club members, and two faculty members, one lay and one Jesuit.

2. All school dances and social functions are to be under the jurisdiction and supervision of this committee. The power of the faculty in regard to dances will remain as in the past.

3. President of class or club may appoint committee to plan and carry out details but these must be submitted to the Social Committee for approval.

4. Hall and orchestra are to be paid by check by the chairman of the Social Committee. Tickets are to be under the supervision of the Social Committee.

5. Members of Social Committee render their services gratis.

6. Members of other committee may be paid a just amount to be determined by the Social Committee.

7. In case of class or club dances (to be limited to one for each class or club) the class or club treasury receives a percentage of 25% and the Social Fund receives the rest.

8. Profit is to be banked by the Social Committee with the determined percentage accredited to the class or club. This fund is to serve as protection against deficit in dances. Club or class can draw from the fund accredited to their organization at will.

9. Social Committee with the approval of the Student Council may use part of the fund to aid various purposes or activities.

10. The social program for the remainder of the school year is to be drawn up by the Social Committee.

11. Classes are to be made conscious of the responsibility of their representatives.

12. Any member of Social Committee or dance committee who proves unworthy of his trust is to be immediately dropped and his class will elect some one to take his place.

13. Any informal event that may be added to the social program during the course of the year under the name of bridge parties, jamborees, etc., will be under the supervision of the Social Committee. Sub-committees may be appointed for the management of such functions.

## Xaverian Trio To Play On WKRC

### Three Xavier Musicians Play On "Veterans' Civic Hour" Sunday Night

The "Veterans' Civic Hour," under the direction of Mr. James Lightfield, will present the Xavier Boys, Sunday, October 28, at 10:45 a. m. EST, over station WKRC, an associate station of the Columbia Broadcasting System.

The Xavier Boys, a musical trio consisting of Joseph Link, Jr., organist; Charles S. Blase, pianist; and James A. Dorsey, pianist, have prepared a most interesting and entertaining program for their initial broadcast Sunday morning, which will include works by Beethoven, Verdi, Drigo and Berlin.

Mr. Link, who is acting as program director for the trio, announced that a special medley of college marches would be dedicated to his Alma Mater. Joseph Link has been associated with the WFBE studios for three years, and has appeared numerous times as featured organist at the Paramount Theatre, Hamilton and the Taft's Paramount Theatre, Middletown. He also had the honor of playing the mighty four-manual pipe organ at the Music Hall last year for the annual Firemen's Show.

Charles Blase, a junior in the college of Liberal Arts, is a pianist of merit, appearing several times last year on Mr. Link's programs. Mr. Blase also won the Washington Oratorical medal last year.

James A. Dorsey, a member of the senior class, has appeared many times as pianist in several local orchestras.

Each experienced musicians, the boys have been rehearsing regularly at the Wuritzer studios where they are preparing a series of programs which will be heard in the near future over one of the largest stations in Cincinnati.

Lexington, Va.—(IP).—A book missing from the law library at Washington and Lee University for 23 years was returned to the library this year by an unknown person.

In 1911, Vol. 192 of the United States Reports disappeared from the library. Joseph R. Long, then dean of the law school, after futile efforts to find the book, replaced it at his own expense.

A few days ago Dean W. H. Moreland received the missing book in a package from Staten Island, N. Y.

The sender did not sign his name. —The Miami Student.

If inconsistency is a virtue Upton Sinclair, one of California's gubernatorial candidates, will get a mansion in heaven. Irvin S. Cobb, humorist, in a recent political speech against Sinclair, said, "I have always been able to depend upon him. He has never yet disappointed me. He is always wrong."

## Xavier Alumnae Heard At Museum

Miss Catherine Templeton, a member of the Alumnae Association of Xavier University, presented a public lecture at the Cincinnati Art Museum, Sunday afternoon, on Victor Hugo's "Ruy Blas."

Miss Templeton selected for reading the Brian Hooker edition of "Ruy Blas," which was translated and revised by Hooker at the request of Walter Hampden.

Miss Templeton is well-known in Cincinnati as a reader and a dramatic teacher. She received her professional training at the Shuster-Martin School of the Drama, and holds the degree of Bachelor of Science from Xavier. She is now a member of the Xavier University downtown faculty.

It was no feather-weight, we venture to speculate, who ran away with an anvil weighing 160 pounds belonging to Henry Parron, Indianapolis blacksmith.

Indiana Daily Student.

You all know that nursery rhyme about Little Miss Muffet, but how many know what curds and whey are? (And how many care?)

## DORMITORY

### Having Big Year

Nearly One Hundred Students  
From Several States  
Attend Xavier

By Arthur Volck

Once again the Xavier melting pot, the Dormitory, is going full blast, molding and forming the material given it by cities throughout the Middle West into that shining blue steel of a true graduate of Xavier. The number of students living on the Campus this year is very near the hundred mark, with Elet Hall packed to the roof and overflowing into the Union House and Finn Lodge. The beautiful white residence north of the college, harbors six happy students, while the Union House is inhabited by two.

Cleveland seems to have the largest representation in Elet Hall, eleven men coming from Cathedral Latin School and four more from other schools in that city. Chicago sends ten students from Fenwick High. From Campion High comes the next ranking group, with Indianapolis, Pittsburgh, and Detroit sending Xavier sizeable representations.

#### Modern Conveniences Enjoyed

The facilities which the students of Elet Hall have are of the best. A convenient, palatable meal, which counts so much in a college man's life, is served in the Union House. The conditions for profitable study leave nothing to be desired. The priests, one on each floor of Elet Hall, are continually looking out for the welfare of "the students" and aiding them wherever possible. A chapel in the basement, spotless and charming as a Chapel should be, is always offering its merits to the students. Three Masses are said there daily and each class has its special Mass day on which the students attend in a body. The religious atmosphere prevailing in Elet Hall is remarkable. But, almost as important, are the rooms themselves. They are all that a student could desire. Airy, well lighted and clean, with modern, fire-proof equipment, they are not too large nor too small, but friendly, conducive towards a happy and profitable college life. Those living in Finn Lodge and Union House enjoy the same appointments. Since Finn Lodge is on the Herald Avenue side of the Campus, its inhabitants take most of their religious exercises in Bellarmine Chapel, which is more convenient than Elet Hall Chapel.

#### "A Man From Xavier"

They are described now as coming from this city and that city, but after they have left Xavier for the last time and even before that last farewell is said, they are better and more fittingly described by the worthy phrase—a man from Xavier. With what training Alma Mater gives them, they are marked for the better throughout their whole life. For this reason, as well as numerous others, your scribe unites with the students of the Dormitory in affirming that Xavier is the best school for any Dad's son.

## Ring Committee Is Announced

Frank Overbeck Named  
Chairman; Four Others  
Chosen By Shaw

Francis Overbeck, chairman, Thomas McDonough, John McMahon, Anthony Schmeig, and Lawrence Fitzgerald were appointed at noon today as members of the Ring Committee.

In making the appointments, James Shaw, president of the Junior Class, stated that every possible unit of the College of Liberal Arts was represented. The men chosen were picked because of the ability and zeal they have shown on the campus.

Frances Overbeck, A. B. student, is a brother of Phil Overbeck, former Business Manager of the Xaverian News, and a graduate of the class of 1931. Frank is a member of the football team and the German Club.

Tom McDonough, representing the Bachelor of Philosophy group, John McMahon, Elet Hall Pre-Medic student, Anthony Schmeig, Commerce, and Lawrence Fitzgerald, B. S. student, are also active in campus affairs.

## HITHER and YAWN

By  
Dan Steible, Jr.

ENJOY YOURSELVES, DADS! IT'S  
YOUR DAY, AND WE HOPE  
YOU LIKE IT!

#### Aren't We All?

Nixon Denton complained in his column last Saturday evening that he was considerably annoyed recently when he received some publicity material from Colgate University, said stuff being on perfumed paper. The NEWS has a lot of publicity material thrown at it, too, and although we've never noticed that any of it seemed to be perfumed, some of it certainly smells!

#### The Ole Pass-Snarer

Since last Friday night's game, the new theme song of the Musketeers should be "Sweeney Pie"!

#### Game To The End

We must admit we admire the intestinal fortitude those Ashland boys showed last Saturday night. Even though the game was actually over and they knew they had lost, still they broke through and mused up that try for point after touchdown. Another case of a moral victory.

#### They Use 'Em For Door-Stops

giving those books home at night, one To see many of the freshmen lug-would think they were going to start a public library. But the next day, if all the knowledge were placed end to end, there still would be a minus sign on the other side of the equation.

#### What To Do?

University of Kansas men students are becoming "softies," it is feared. A survey by the campus newspaper revealed more males read the society news than the sport page. We wonder if this is true at Xavier also. Perhaps the NEWS should give more space to society and cut down the sports news.

#### Sports Announcer's Nightmare

Elder goes around the left end for no gain, no soap and Post No Bills. The center passes the ball to Koprowski and Koprowski passes out. Wunderlich tries the right end and loses three yards, his helmet, a front tooth and his presence of mind.

The pass is good. Tom Schmidt catches it. Wesleyan catches Tom. Somebody will catch heck from the coach for not taking out that man.

Now Wesleyan has started passing. They're playing over their heads, folks.

After the last game, we dreamt we were the announcer and that we were saying such things as the above. Must have been the peanuts we ate during the half.

#### Worthy Of Him

Roses are red,  
Violets are blue.  
I can row a boat,  
Canoe canoe?

This reminds us of the sort of dizzy bits of poetry (?) that Steve Baird used to write. If you want a great laugh, ask Steve to give you a lesson in fencing, or an imitation of a man playing the xylophone.

**ADD SIMILE:** As dumb as the sick freshman who, when told by the doctor that he must avoid all forms of excitement, asked, "Can't I even see them on the street?"

#### The Only Cause?

That worried look on Jim Shaw's face has lead many of the boys to believe that he is going to the dogs. But he's not; he's going to a few classes.

#### The Sodality, Too

President Roosevelt has said that every one should have some hobby to occupy his idle moments. And his right hand man, Jim Farley seems to be heartily in accord with his boss's idea. He's given the public so many different postage stamps that stamp collectors will be kept busy for some time to come.

#### But The Next Time

Last week-end was almost a perfect one to us. Xavier trounced Wesleyan all right, all right, and made a fine job of it. We had hoped that our former Alma Mater would do likewise with that flashy bunch from St. Mary's, but it was no go. Anyway the Rams played a beautiful game.

"Congrats, Musketeers!"  
"Ditto, Les Borden et al!"

#### Another Orchid

While we are tossing bouquets

about, this department cannot help but add its little word of praise for the Drum and Bugle Corps of Racine, Wis., that appeared last Friday evening. The ease with which they performed the very intricate maneuvers was simply amazing.

## Sodality Receives Applications For Four Committees

Important Groups' Personnel  
To Be Announced Today

At a meeting of the Senior Sodality, held Friday in the chapel, Father Welfle, moderator, brought to light the importance of committees in the sodality as visualized by Father Lord, founder of the sodality movement. Applications were accepted for four committees namely, the Eucharistic Committee, the Publicity Committee, the Missionary Committee, and the Stamp Committee. After the applications had been received the sodality recited the Little Office Of The Blessed Virgin; and was then dismissed.

The Sodality is of little avail without the committees. The purpose of the above committees is as follows: Eucharistic committee: to care for the altars and supply servers for Mass on School days; Publicity committee: to advertise the functions of the Sodality and arouse a general interest in it; Missionary committee: to appear before convert classes and to lecture; and Stamp committee: to collect stamps to be exchanged for money for the foreign missions.

## Signs Of Catholic Renaissance Are Among Laymen

Catholic Evidence Group  
Is Xavier's Contribution  
To World Wide Drive

By Vincent Smith

In a recent conference with William Cardinal O'Connell, Archbishop of Boston, Pope Pius XI expressed his firm belief that the spiritual renaissance which will bring about the return of prosperity is already in the making: "People are returning to God," said His Holiness, "and God, along with happiness and contentment will return to them."

Nor is it difficult to find signs indicating the truth of this statement.

Patently there has been a revived interest in religious. Noticeable additions have been made in the number of weekly Communions. And everywhere, startling improvements have been made in the piety of the people as a whole. Statistics indicate that the enrollment in seminaries and convents has considerably increased; and even social effects of the renaissance have been noted.

Perhaps the most important factor contributing to this revival in the untiring effort of thoughtful Catholic laymen in the field of Apologetics. Somehow, their timidity in voicing their religious sentiments has been steadily on the decline during the past year. No longer are Catholics afraid to defend their religion against carping opponents. Some have even entered special classes in order to gain a fuller knowledge of their religion.

Even here at Xavier, staunch defenders of the Christian Faith have arisen. A group for Catholic Evidence work has been organized, and

each week several students stand before non-Catholics and uneducated Catholics in the Xavier University down-town unit and attempt to prove their religious convictions to their non-believing brethren, which include skeptics, agnostics, cynics, and members of diverse Protestant denominations.

The interest that the students have shown in this work has been an amazing proof that there is a back-to-God movement afoot here in Cincinnati as well as in other cities and nations. Even the audience seems enthusiastic about the lectures.

A continuance of lay efforts will mean a still greater number of converts to Catholicism; and according to Pius XI, this will finally resolve itself into a speedy return to economic peace and tranquillity.

## T. Thomas Gains Popularity As Campus Barber

Hair Cut, 25c! Shave, 15c.

Introducing Tom Thomas to the students of Xavier University! Tom who is a pre-medic student, is also a very capable barber, and wishes to make known to all those in need of a haircut that he not only has a barber chair, barber's instruments, and a large mirror equal to any in a regular hair cutting establishment but also a brand new pair of electric clippers.

Several of the fellows are sporting hair trims as done by "Tom-Tom" and seem to be well pleased. As a result business is picking up and Tom must utilize every spare moment so that he will be able to continue his newly founded extra-curricular activity and also keep pace with his studies.

To all students interested, Tom's shop is located in Room 315 of Elet Hall. Hair cuts by appointment. Some class!

## Football Tilts Between Classes To Be Arranged

Because of the delay on the part of the Sophomores in arranging a date for their proposed football game with the Freshmen, it is the general opinion of the yearlings that the upper classmen are stalling for time—hoping that extreme cold weather will set in and thus make a game of this sort impossible.

The yearlings have responded to the call for candidates and proudly announce that no less than three teams will be available by the date of the game. They go on to add that although no more than one will be necessary, the substitutes will lend color and interest to the fray.

Interest is being revived among the Juniors and Seniors for a match between the two lordly classes of the campus. Rumor has it that their engagement will follow shortly after the Frosh-Soph tilt. This should be a spirited match since the Juniors well remember last year's defeat and are stronger this season.

It is hoped that a class football champion will be decided by a match between the winners of the two games. If such a tilt can be brought about, football will be added to indoor and basketball as an intramural sport.

## SPECIAL WILL BRING LARGE DELEGATION OF ST. LOUIS FANS HERE

A special Big Four train will bring more than a hundred Billiken rooters to Cincinnati, Saturday, it was announced late this week by representatives of the Alpha Delta Gamma, St. Louis frat which is sponsoring the trip.

A reduced fare has been secured from the railroad officials, and in order to keep expenses as low as possible, special dining facilities will be installed in the train, it was also disclosed.

The excursion will leave St. Louis at 11:31 p. m., tomorrow and arrive at the Union Terminal at 7:55 p. m., Saturday morning, according to present plans. It will depart from Cincinnati on Sunday afternoon at 3:13 and arrive in St. Louis that night at 11:30. A faculty moderator is expected to make the trip with the students.

Officials of the fraternity have not yet selected quarters for their stay in Cincinnati, but it is expected that special accommodations will be offered by one of the down-town hotels.

A block of tickets is being reserved for the party at Corcoran Field.

## BITS ABOUT THE BOYS

By Rantland Grice, Jr.

Xavier enthusiasts who visit Corcoran field Saturday afternoon should see an interesting bit of football when the Blue and White tangle with the Billikens from St. Louis U. in the first afternoon game of the year at the Avondale stadium.

Both teams use the popular Notre Dame system of attack, and it will be a question of the Musketeers' speed and smartness against the opposition's power and weight.

The St. Louis forward wall will stack up close to a 200 pound average, while Joe Meyer's starting line-men will "burden" the scales to the extent of a 176 pound average. That's quite a bit of weight to be giving to any ball team and we should see the Muskies using every known trick in Xavier grid lore in their attempt to conquer their western rivals.

White watching the team go through its paces this week, I was impressed by the seriousness of the boys during the workouts. Down on the practice field, king football

reigns supreme. The gridsters are determined to take the Billikens in their stride.

Once off the field, the fellows settle down to the ordinary life of college students, but as athletes will, they delight in "dishing the dirt" or "riding" one another. Quite a bit of information was picked up while touring the shower and locker rooms after a workout.

I had never imagined that one of our hard charging guards (this one from up Cleveland way) had lost his best girl to a third string tackle at a local institution. 'Twould be a rare treat to see these two boys meet on the gridiron.

Try as I might, I could not learn why a committee of five goes to Oxford, Ohio, every Saturday. 'Tis said they enjoy the football games, but you never can tell.

WHY—do the boys persist in calling Justin Wittrock, giant blonde tackle, "Billy?"

—has Sigillo been called "Nicky" all this time? Here's a new one for

his Xavier pals. Call him "Rock" next time you see him, but be ready to move out of range muy pronto.

—did Freddie Wunderlich enjoy his sojourn at the Good Samaritan? By the way, Fred and cheer leader Bobbie Moseman are rooming in Union House this year. They're "at home" to their friends during almost any lecture hour.

WHAT—did one of the players want to leave the bench for during the West Virginia Wesleyan game?

—did Janson get for breaking in to the lineup at the first of this year? It's rumored that Jerry is proud of the present he received from an admirer. C'mon, Jerry, 'fess up.

WHERE—did Kim Darragh acquire all that ability on the tennis courts? The Pittsburgh ace is a semi-finalist in the University tennis tournament. And does a certain little gurl think he's "mar-r-r-velous." Oh, my!

—does "Don Juan" Koprowski go after the game in order to escape his section of fair admirers? You don't take them all home, do you, John?

Frank Imwalle has one of the coziest looking cars on the campus. Then there's Tony Schmeig's new Essex—and Jimmy Shaw's runa-

bout. You name it, though. It was a honey when it was new—12 years ago.

Jerry Bressler, stocky guard from Newport, is back in the moleskins again. He was forced out of action for more than a month because of a broken jaw; despite this setback, he is determined to go places in football this year.

Little "Weedy" Elder has stepped right into the shoes left vacant by Kenny Jordan, popularly dubbed "Mr. Xavier" last year. Along with his brilliant work on the gridiron, he is president of the Student Council, director of Intra-mural activities, a member of several dance committees, and co-owner with Bill Dodd, of the Cleaning and Pressing concession in Elet Hall.

Captain Tom Schmidt looks like Buddy Rogers, but plays football like a junior edition of King Kong.

Since the Musketeers' jerseys have been changed from blue to green, Sigillo, Jonke, Geutfreund, Koprowski and the rest of the fighting Irish are feeling more at home.

Watch 'em go!

## THEY CARRY THE MAIL FOR THE BILLIKENS

Coach Cecil Muellerleile may shake up his backfield combinations when the Billikens face Xavier. The quartet pictured above, Frank Bittner, quarterback, Carl Wood, right half-back, Carl Kane, captain and left half, and Bill Cochran, at full-back, have functioned well in practice this week for the Royal Blues.

## A SPELL ON THE BENCH MADE A STAR OF HURLEY

Tom Hurley, left half-back of the Billiken varsity, prepares to hurl one of his long passes which may cause some consternation to Xavier gridgers tomorrow.

## ST. LOUIS U. STALWART

There have been no complaints about the pivot play of Henry "Red" Krause, who holds down the center position on the St. Louis University line—except from the opposition. You'll see him in action against the Musketeers.

# History Is Made By Limericks Of Geniuses' Pens

## Sophomore Students As- tound English Professor By Literary Compositions

In answer to a recent call for limericks, a sophomore group of English poetry students submitted a dazzling array of literary compositions. The originality of these limericks is beyond question, as the limericks themselves bear proof of the fact. Before these results of earnest endeavor are quoted, let it hereby be known to all that the poetical ability of the authors is not to be judged too hastily.

Beyond a doubt, the blood of poets is coursing through the veins of the author of this limerick.

"There once was a man from Racine,  
Who invented a flying machine,  
When he started the thing,  
It blew up and went bing!  
It was the darndest thing ever seen."

Perhaps the author was thinking of his loved one when he composed the following limerick:

"When Frances dances with me,  
I'm as happy, as happy can be,  
I hold her so tight  
In the sparkling starlight,  
For she is my little honee."

This one falls into the same category as that above:

"There was a young man from Kentucky,  
Who considered himself very lucky  
When a girl from U. C.  
On him put the bee,  
And since he's been named "Ducky-Ucky."

One student, getting down to real classwork, composed this one for those who have too passionate a love for the almighty nickel.

There once was a young man from

Hewer  
A nickel he lost in a sewer.  
His hand he did insert,  
A rat took it for dessert,  
And now his fingers are fewer.

The limerick below was deemed best by popular vote:

"There once was a fellow in St. Louie,  
Who was famous for making Chop Suey,  
But a Louisville girl  
Put his head in a whirl  
When she asked him for chop-suey and youee."

Given second choice, this limerick relates household conditions.

"We once had a doggie named Patsy  
Who played in the house with our catsy,  
One snap did he take  
One gulp did he make,  
And Patsy became Catsy-fatsy."

With the groan of East stands echoing in his ear, the light of inspiration dawned upon one of the young authors. The following limerick, with Findlay's star as subject, is the result.

"There once was a lad named O'Keefe,  
A tackle with plenty of beef,  
Whose effective boot  
Brought many a hoot,  
And for awhile, to Xavier, brought grief."

The moral of the limerick below is outstanding. As a matter of fact, it would benefit the younger generation to read it twice.

There was a young man from Calcutta,  
Who came to New York in a flutta,  
His ambitions were high,  
But the town wasn't dry,  
And he ended his days in the gutta."

## V. Smith To Head Freshmen

At the Monday meeting of the Junior Sodality, Vincent Smith was appointed charge d'affaires of the group of freshmen who are to take part in the activities of the Catholic Evidence Guild.

Elections for offices in the Catholic Student Council will, according to Fr. Steiner, sodality moderator be held at the next weekly meeting.

A Mexican poet says that the most beautiful of English words is cuspidor.—The Indiana Daily Student.

# Father Manning At Conference

## Classical Language Department Head Speaks On Roman Coins

The Reverend Robert Manning, S. J., head of the Department of Classical Languages, spoke yesterday at the thirteenth annual meeting of the Ohio Classical Conference which is affiliated with the Ohio Education Association.

Father Manning treated upon the value of Roman coins as histories of important events of the ancient capitol. The Roman coins depicted various happenings at Rome and thus spread the news to distant sections of the empire. In a large way they made up for the lack of any newspapers and different coins were struck off as often as twice a week.

For years the collection and study of ancient coins has been a hobby with Father Manning and he is one of the foremost authorities in the country on this subject.

The convention will last through Saturday with many well known speakers on the program. Robert Hiller, Wittenberg College; Frank Cowles, Wooster College; Dwight Robinson, Ohio Wesleyan University, and Harold Gilmer, Heidelberg College were other features of yesterday's program. This evening Carl Blegen of the University of Cincinnati will speak on "The University of Cincinnati Excavations at Troy" and will present illustrations.

## Roland Moores And P. Riesenbergr Win Philopedian Debate

### Charles Koch And John Deb- bler Uphold Losing Side

The question, "Resolved, That National Censorship of motion pictures would be detrimental to the best interests of the public," was debated by four members of the Poland Philopedian Society before the members of that group, Monday afternoon.

Roland Moores and Paul Riesenbergr, who upheld the negative side

of the question were awarded the decision by Robert Helmick, who acted as critic-judge. The exponents of the affirmative were Charles Koch and John Debblcr.

Mr. Helmick named Mr. Riesenbergr and Mr. Koch as the best debaters. Following the decision of the critic judge, Father Robert E. Manning, S. J., moderator of the society, commented on the debate and on the way in which the participants presented their arguments. He complimented the speakers on their preparedness and orderly procedure, especially Mr. Riesenbergr on his cogent delivery.

Richard Kearney, president of the

club, announced that the subject of the next debate will be "Resolved, That all collective bargaining be negotiated through non-company unions, safeguarded by law." Messrs. Post and Flynn will uphold the affirmative against Messrs. Schaefer and Volck.

Two philosophers stood in the raw, autumn wind, awaiting the kick-off. Said the first, "Are you cold?" Replied the second, "I am not cold, my body is cold." (Note: this is not only a bad joke, it is bad philosophy. Man is an unum per se.)

—The Griffin.

## Dr. H. Shipley Fry Addresses The Lavoisier Science Club

### Dr. A. Nellans, Dean of Lloyd Eclectic Medical College Of Cincinnati Will Be Speaker At Next Meeting Of Club

By Charles Blase

On the evening of Wednesday, Oct. 17, the Lavoisier Science Club held its first meeting in the Chemistry Lecture Hall of Science Hall. The club, which experienced a very successful series of meetings last year, launched forth into the ensuing season with a lecture by the famous scientist of Cincinnati, Dr. H. Shipley Fry. The talk was the first in a series which will extend throughout the school year.

At the next meeting, which is to be held on Wednesday, Oct. 31, the second speaker of the series will be presented. It will be the pleasure of the Science Club to offer at this

time a talk by the eminent Dr. A. Nellans, Dean of Lloyd Eclectic Medical College of Cincinnati. Dr. Nellans has not disclosed as yet as to what he will discuss.

At the first meeting, conducted by the president, Richard Wagner, the more important issues of the season's plans were discussed. Following the usual procedure of enrollment of new members, Mr. Wagner explained the unique system that the Science Club will employ this season in the manner of preparation for the club's annual banquet. Instead of the members paying their banquet fee in one payment, the officers have agreed to lighten the burden of this rather large meal price by allowing each member to pay fifteen cents at each meeting and thereby eliminated the awkward situation which might confront the students were they required to pay the full amount at the time of the banquet. This system was unanimously approved of by both the faculty and student body. Undoubtedly its service will stimulate the desire to attend this gala banquet that will be held sometime in February at the Netherland Plaza Hotel. With an outline of the series of talks, trips and motion picture exhibits which will be featured at various meeting places in the future, the business

part of the meeting was brought to a close.

Mr. Kowalewski, co-moderator, with Fr. F. Miller, S.J., of the Science Club, then took the floor in the calm and delightful manner that has characterized his lecture technique in the classroom, and expounded a most praiseworthy and deserving introduction for Dr. Fry. With the close of the introduction, which included the early connection with Dr. Fry, when the former was occupied in graduate work, a rousing cheer arose from the large group of club members. Dr. Fry responded immediately and, after a short acknowledgment of the welcome, began his interesting and explanatory talk.

The title of Dr. Fry's lecture was, "Magic, Religion and the Scientific Method." Following a good explanation of what science really is, Professor Fry stated that true scientific method had its origin in magic and that both "imitative" and "homopathic" magic must be considered if a full knowledge of the history of science is to be gained. The relation of science and magic is plainly seen in the general hypothesis, which both accept, namely that "things follow necessarily in nature."

#### Relation to Religion

Then Dr. Fry took up the relation of science to religion. He showed that scientists must have faith as a foundation of their work just as the religious have faith as the foundation of their beliefs. For example, he explained the atomic theory and showed what a foolish idea it would be to reject this theory since so much depends on it for proof and experimentation. Faith must be manifested in such hypothesis so that the progress of scientific investigation may be extended into the depths of nature.

"There is an ethics in science," continued Dr. Fry, "and its principal law is intellectual sincerity. The man of science must be a truth seeker and a truth teller. Science, like truth, is the same yesterday, today and tomorrow. In its love of truth, science is also closely bound to religion and morality."

Closing his talk, Mr. Fry explained the fact that work plays a big part in this great drama of sci-

ence. Without work we are lost in a forest of unsystemized facts, since work is that character in the makeup of a true scientist which guides him through a wilderness of nature, whose nucleus still lies beyond the outstretched tentacles of methodical investigation.

Professor Fry also congratulated the club on using the name of such a distinguished scientist as Lavoisier's for its title.

## Pledged To . . . Economy and Efficiency

## "Our Central Committee"

The formation of a committee to supervise and direct all student dances is the most momentous step taken at Xavier to improve student morale since the founding of the Student Council. It has been an undeniable fact that in the past social activities at the University have been in a chaotic state. The various groups in charge of the dances functioned almost as utterly independent units, owing responsibility to no one, holding their own authority supreme. And this condition resulted in mistakes—mistakes that were at times costly, resulted in failure, failure that could have been avoided, resulted in injustice, injustice that damaged both the students and the school.

We believe that the coordination of all social activities, the influence of an organization devoted especially to one purpose, that of directing those activities, will lead to the eradication of injustice, failure, and mis-

takes. It would be foolhardy were we to either hope or believe that all faults in the social affairs of the campus will be eliminated. But it can and it must be asserted that the committee will be able to reduce the faults to such a degree that their presence will be scarcely noticeable.

The NEWS offers its congratulations to the Student Council for instituting this major reform at Xavier. The plan which it adopted is undoubtedly the most important legislation which the Council has ever promulgated. We offer the Council our heartiest thanks and the newly formed committee our best wishes.

## AS THOUSANDS PEER

(Continued from Page 1)

charge in connection with the death of the Lindbergh baby.

The New Jersey officials have already begun preparations for his removal from the Bronx to Flemington, N. J., where the actual trial is to take place.

## CHAMPAIGNE FOILS PLOT

(The New York Journal Of Commerce, Oct. 20, 1934)

A little drama with a comic opera ending was recently enacted at Santo Domingo where former President Machado of Cuba is a refugee. It seems that a group of Cuban students came to the Dominican Republic in an effort to kidnap the ill-fated leader, when attempts to extradite him had failed.

Sensing the situation, the crafty Dominican officials met the students with open arms, devoid of all malice and hatred. They showed them the sights of the city, tendered them a luxurious feast followed by a champagne banquet and then sent them back to Cuba on their steamers, a very happy and contented group of foiled kidnappers.

For striking definitions look to popular song writers. "A frown is a smile upside down." And inversely, we gather, "A smile is a frown upside down."

## COPY FROM THE ALUMNI OFFICE

### A Xavier Booster

Many singular evidences of encouragement and support are being received at the offices of the Xavier University Boosters Association, 405 First National Bank Bldg., in their present campaign to raise a sustaining fund for Xavier among her alumni and friends.

Nicholas J. Hoban, Jr., general chairman of the campaign, is in receipt of the following letter from a member of the Class of 1924, who, although out of touch with Xavier activities due to his business interests throughout the country, responded to the Boosters call. The letter follows:

Boise, Idaho  
8-29-34

Xavier University Boosters Ass'n.

Cincinnati, Ohio.  
Attention: N. J. Hoban, Jr.

Dear Sir:

It is with sincere delight that I enclose a check for \$— on account. The balance will be forthcoming in the next several weeks.

Am pretty much out of touch with your activities and would appreciate occasionally a word advising me of their success.

Believe we are on the right track and assure you of my limited enthusiastic support.

Sincerely,  
Warren O'M. Rush, '24.

'27

The wedding of Marcellus A. Schmidt, '27, and Miss Virginia A. Tompkins, was solemnized at St. Matthew Church, Norwood, yesterday morning. Schmidt was an all-Ohio guard on the 1925 gridiron team. He was chosen for the Legion of Honor in 1926. He later served the university as freshman football coach, director of the cafeteria, and purchasing agent for the university.

He is now purchasing agent for the Hotel Gibson.

### Attorney At Law

John W. Kilcoyne, '31, has opened law offices at 704 First National Bank Bldg. Kilcoyne was graduated from the University of Cincinnati Law School in June.

During his four years at Xavier he served in various capacities in the student activities. He was a member of the Philopedian Society, the Heidelberg Club; president of the Masque Society; and business manager of the 1931 Musketeer Annual. He also served on the Centennial Ball Committee.

'33

Louis H. Moellering, '33, was united in marriage to Miss Mary Lou Willenborg, daughter of Mr. and Mrs. H. J. Willenborg, at Corpus Christ Church, Newport, Ky., on Wednesday, October 10. Walter J. Moellering, '35, a brother of the groom, was best man. Roland Ryan, '33 and John A. Nolan, '32, served as ushers. Moellering was an outstanding tackle on the grid team during his senior year. He was vice president of the undergraduate "X" Club, member of the junior prom committee, and the homecoming committee; member of the Heidelberg Club and the Glee Club.

Plans for the first two-day Homecoming celebration on the Xavier campus are now being made by a joint committee representing the Alumni Association and the Graduate "X" Club.

Walter A. Ryan, Jr., representing the Alumni, and J. H. "Pat" Geerin, representing the "X" Club are co-chairmen of the celebration.

Committee members named to serve with Ryan and Geerin are the following: Luke J. Leonard, Jack J. Dreyer, J. Paul Geoghegan, G. Edward Fern, Richard D. Downing, Andrew L. McGrath, Louis A. Ginocchio.

A special reception committee will be named later.

Homecoming will take place November 16 and 17 on the campus. It is taking place in connection with the Washington and Jefferson-Xavier football game.

Success of the Kentucky Day pro-

gram in connection with the Centre-Xavier game is indicated in letters of appreciation being received by the Xavier University Boosters Association of Northern Kentucky.

Letters to Mr. William G. Knecht, '25, president of the Northern Kentucky Boosters, from the mayors of two Kentucky communities follow: From Mayor Scholl of Clifton, Ky.: Dear Mr. Knecht:

I want to thank you for the four tickets that you mailed to me for the football game between the Xavier and the Centre teams.

I attended with the members of our council and I assure you that we enjoyed the game immensely.

All in all both teams were pretty evenly matched and Xavier put up a game fight but just failed to get the right break.

Very truly yours,

(Signed) Albert Scholl, Mayor  
Clifton, Ky.

From Mayor Kleet of Bellevue, Ky.: Dear Mr. Knecht:

Your favor of October 9, was very much appreciated and hope that some day in the future I can be of service to you.

My family and I enjoyed the game immensely and the Boosters Association, without a doubt have created a few more boosters.

Thank you, Mr. Knecht.

Yours very sincerely,  
(Signed) Fred C. Kleet, Mayor,  
Bellevue, Ky.
